EDUCATION

B.Tech in Computer Engineering, Vidyalankar Institute of Technology 2024 – 2027

Diploma in Computer Engineering, Vidyalankar Polytechnic 2021 – 2024

SKILLS

Frontend	React, Next.js, TypeScript, Tailwind CSS, React Native
Backend	Node.js, Express, MongoDB, PostgreSQL, Python, FastAPI
AI & APIs	Gemini API, RAG Systems, Qdrant, Twilio, JWT Auth
Tools	Git, Docker, AWS, Vercel, Webpack, Framer Motion

EXPERIENCE

BZ Tech – Software Development Engineer Intern Oct 2025 – Apr 2026 [\[Certificate\]](#)

- Developed and managed multiple full-stack products including Sagecraft, a dynamic admin-driven portfolio and SEO management platform.
- Built advanced no-code tools for website generation, including AI-assisted webpage creation from screenshots and a backend builder for API and database management.
- Contributed to a Dubai-based e-commerce platform (iqliqlive.ae) and handled deployment, production management, and scalability improvements using Node.js, React, TypeScript, and AWS.

Hertzsoft Technologies – Backend Developer Intern Jun 2023 – Aug 2023 [\[Certificate\]](#)

- Worked on PHP-based web applications and contributed to a Digital Signage System for centralized advertisement management and analytics.
- Developed backend modules, media synchronization workflows, and display management features using Node.js, Express.js, MongoDB, and Python.
- Integrated AI-powered face detection and viewer tracking using OpenCV and MTCNN to provide real-time advertisement engagement analytics.

PROJECTS

- **LexAgent** | React, FastAPI, Qdrant, Gemini, Grok [\[Live\]](#) [\[GitHub\]](#)
RAG-powered compliance assistant for Indian startups with semantic legal search and citation-backed reports.
- **VoxAI** | React, Node.js, MongoDB, Twilio [\[Live\]](#) [\[GitHub\]](#)
AI voice-agent SaaS platform with Twilio integration, analytics dashboard, JWT auth, and configurable AI personalities.
- **create-nexus-stack** | CLI, React, Express, MongoDB [\[Live\]](#) [\[GitHub\]](#)
CLI tool that bootstraps production-ready full-stack apps with authentication and scalable architecture.
- **PromptTune** | VS Code Extension, TypeScript [\[Live\]](#) [\[GitHub\]](#)
AI-powered VS Code extension for optimizing prompts directly inside the editor workflow.
- **ChatPoint** | React, Chrome Extension [\[GitHub\]](#)
Browser extension for managing and navigating long AI conversations using contextual checkpoints.
- **Mockmate** | React, Node.js, Gemini API [\[Live\]](#) [\[GitHub\]](#)
AI interview practice platform with role-based questions and personalized feedback summaries.

ACHIEVEMENTS

- Winner – Zero Day National Hackathon (2025) [\[View\]](#)
- Runner-Up – Hackbuild Hackathon (2025) [\[View\]](#)
- Runner-Up – Final Year Project Exhibition (2024) [\[View\]](#)
- Winner – VP Industrial Hackathon (2023) [\[View\]](#)
- Academic Excellence Award (Sem 2–6) [\[View\]](#)
